

YOUR PARISH NEEDS YOU

- Are you on **furlough** or currently **not working**?
- Can you spare a couple of **hours** a week/month for your Parish?
- When you are asked ‘**What did you do in the Covid-19 crisis?**’ why not answer ‘**helped to reopen our church doors and welcome everyone home**’?

Now that we are able to re-open our church for private prayer, we urgently need Stewards to help us ensure all who visit our beautiful places of worship are made to feel welcomed and kept safe throughout.

If you would like to know more about the role and its suitability for you, please look at our website or get in touch with the Parish office.

If volunteering on your own you must be over 18 and under 70, and not in a ‘vulnerable’ group but why not volunteer as a “bubble” ?

You will receive training online and will be working with at least one colleague at all times with ready access to the Snr Leadership Team.

PPE will be provided for all Stewards and the church is being prepared with signage, sanitizers and one-way systems – safety of all a top priority.

If you have been feeling isolated during lock down here is a chance to help in a really worthwhile cause, welcoming visitors back into our beautiful churches.
